**YOUR DETAILING EQUIPMENT**

# YOUR DETAILING EQUIPMENT

WORK STUFF accessories and equipment for detailing.

Why us? Smart design, durability and price that's what distincts us among others. Constant product development puts us in a lead of game changing your WORK STUFF

You will soon find out that WORK STUFF dictionary has no word like compromise starting with the product ending up on the packaging.

**We officially started in December 2017, but we are connected with detailing market for about 7 years.**

**WORK STUFF - Is high quality accessories brand. For now we got 68 positions in our range. Like microfibers, buckets, applicators and detailing brushes.**

**We also focus on the appearance of our products. Microfibres are packed in DOYPACK packaging. Thanks to this, they are displayed standing. Some of them also have a hotembossed or embroidered logo.**

**Our brand is now available in 47 countries such as:**

**From the beginning, we have one goal. Number 1 accessories BRAND!**
